Rockwood Red 2025

Lifestyle Range

The wine

Cultivar: 43% Shiraz, 34% Mourvèdre, 23% Grenache
Cellaring Potential: 5 years
Wine of Origin: Stellenbosch

A vibrant light red wine best served slightly chilled for those wonderful summer evenings by the braai.

Winemaking

Each cultivar was picked at their individual phenolic ripeness. The wines were fermented at 24-28° Celsius with three pump-overs daily for gentle extraction of tannins and colour. The wines were blended and thereafter matured in tank with specially selected oak staves for 12 months.

The tasting experience

This fruit forward wine delivers spice, black and red fruit, ripe plums and freshness. Supple tannins with an underlying perfume derived from cherry oak delivers a rich mouthfeel, supplemented with beautiful fruit and freshness from this youthful vintage.

Serving & Pairing

Pairs well with sweet and sticky pork belly, pork bao buns and charcuterie boards.

Accolades:

Gillbert & Gaillard '26: 90 Points - Gold
