

Unwooded Chenin

Blanc

2026

Lifestyle Range

The wine

Cultivar: 100% Chenin Blanc

Cellaring Potential: 5 years

Wine of Origin: Stellenbosch

Fresh 100% Chenin blanc suitable for everyday enjoyment!

Winemaking

The grapes are hand selected, crushed and destemmed before being pressed. 24 hour cold settling before being split into two separate tanks for fermentation using both wild yeast and inoculated yeast. The wine spent six months on the lees before being blended and bottled.

The tasting experience

Vibrant tropical fruit on the nose highlighted by guava and Golden Delicious apples. The delicate palate enriched with dried apricot flavours is complimented by a plush, lingering acidity.

Serving & Pairing

An ideal summer wine that pairs excellently with a Ceaser salad, grilled seafood, or simply with fun company.
